

## **HASP DEVICE DRIVER INSTALLATION INSTRUCTIONS**

### **Windows '95, '98, Me, NT4.0, 2000 and XP**

1. **Windows NT, 2000 and XP users only:** Log onto Windows NT, 2000 or XP with "administrative" rights to the system.
2. If you are running a network version of MFS, close the HASP License Manager down before continuing with the installation.
3. Double-click on the file **Hdd32.exe** that you downloaded from the internet. (This can be done in Windows Explorer.)
4. When the Welcome screen loads up, click on the **Yes** button to continue the installation.
5. On the Installation Status Screen click the **Next** button to continue.

*Note: If you are running an anti-virus program you will experience a delay in the installation of the device driver. Wait for the program to tell you it has been successfully installed.*

6. Click the **Finish** button on the finished screen. Your installation is complete.

**If you experience any difficulties during the Codelock Device Driver installation process please call Nik Plevan of People Success Solutions on (07773) 36-27-54.**
